## Methane Combustor Overview

# Aerial Programme...

# What is the purpose of your aerial campaign?

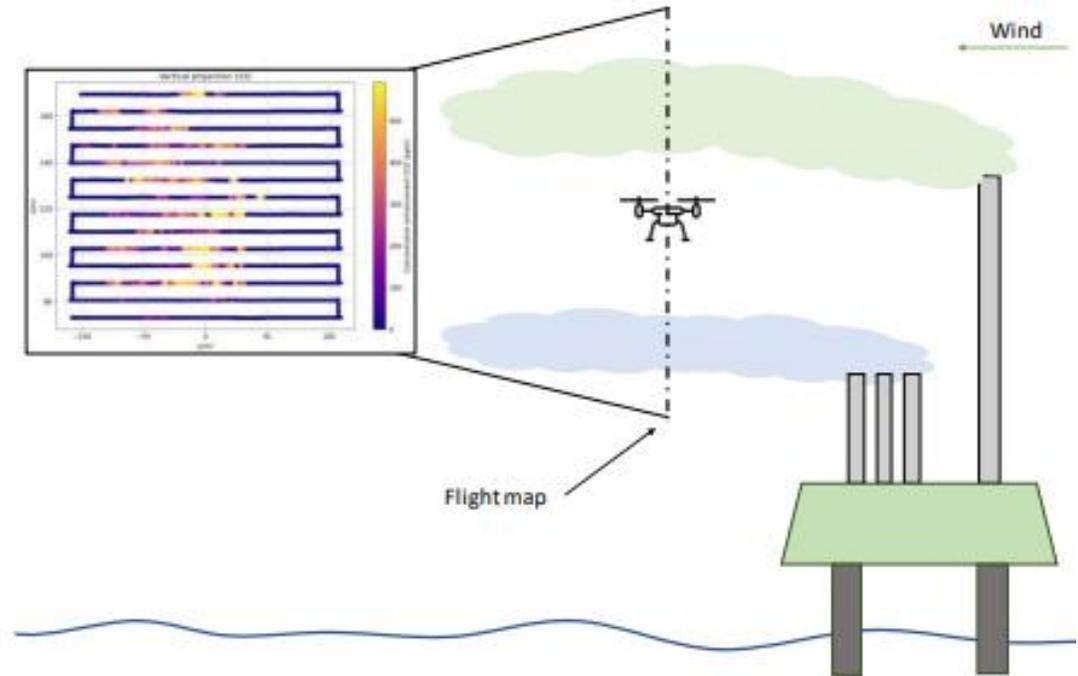

**OGMP Gold Standard / Level 5 /  
Site Level / Top Down?**

**Or more?**

**Will dictate which technology  
could/should be used**

**Site specific, no one size fits all**

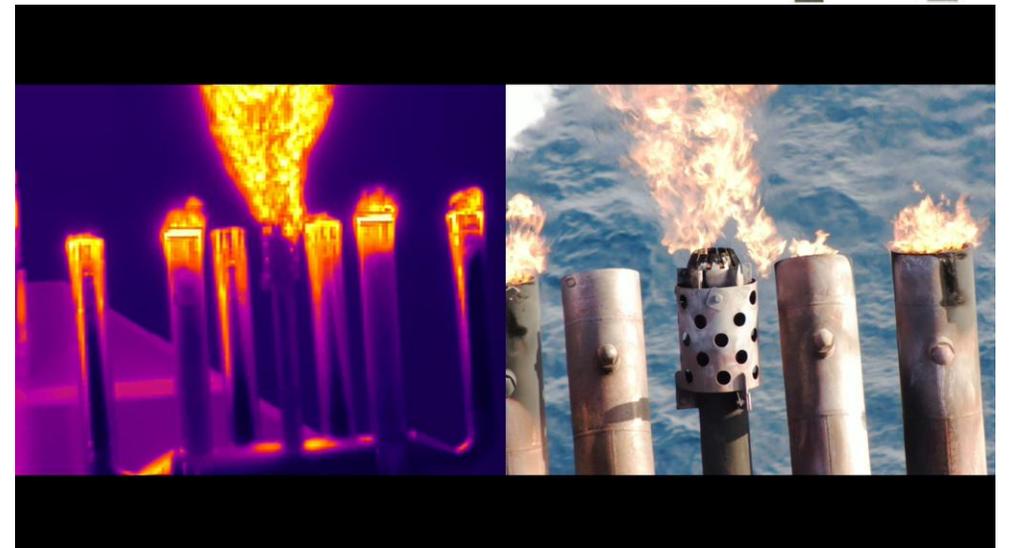

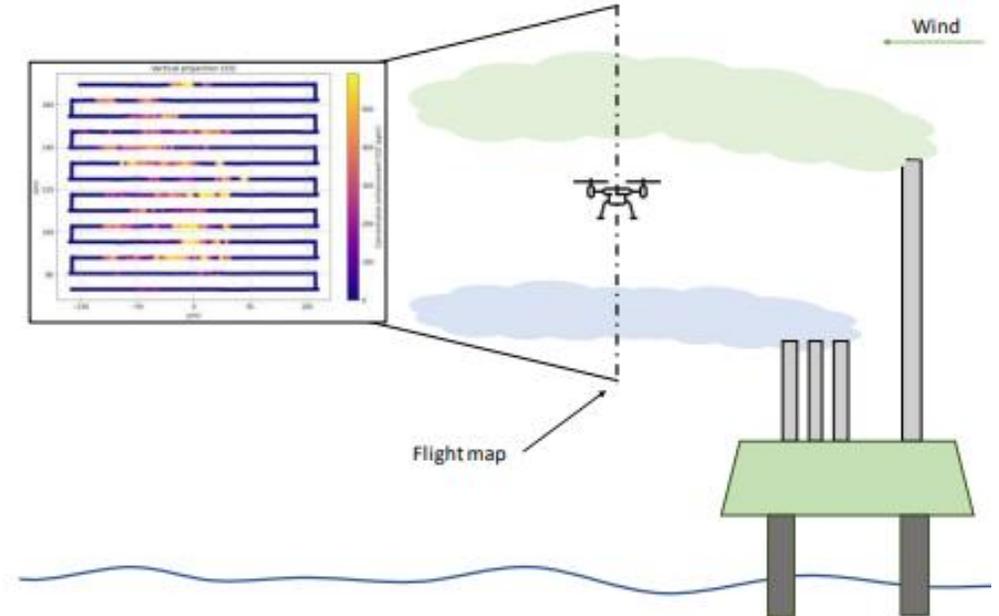

# Learning by Doing

Operator process team involvement

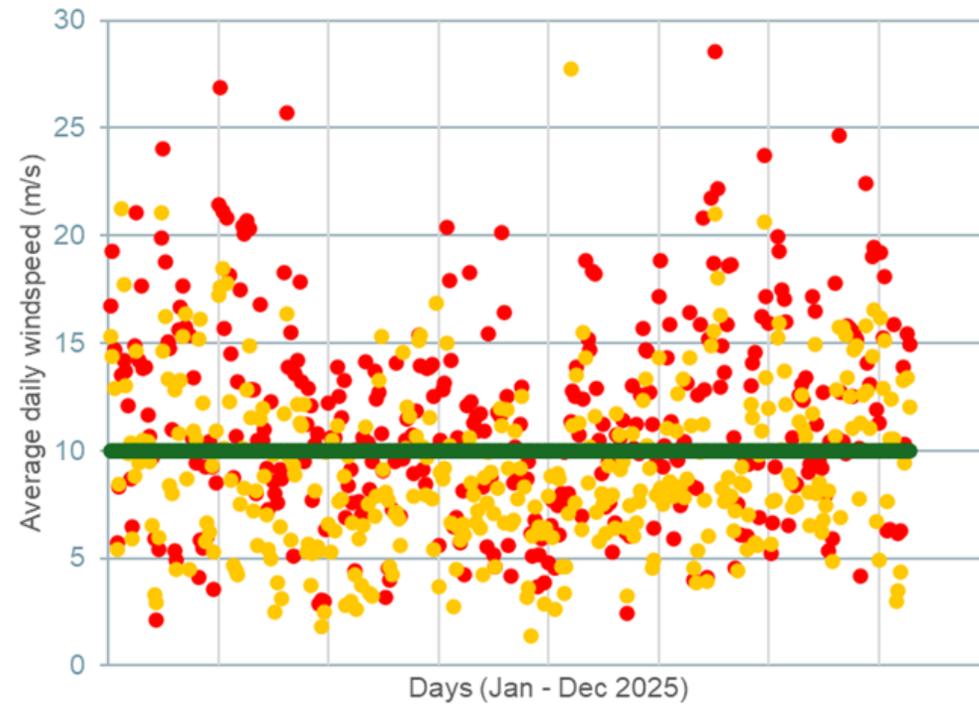

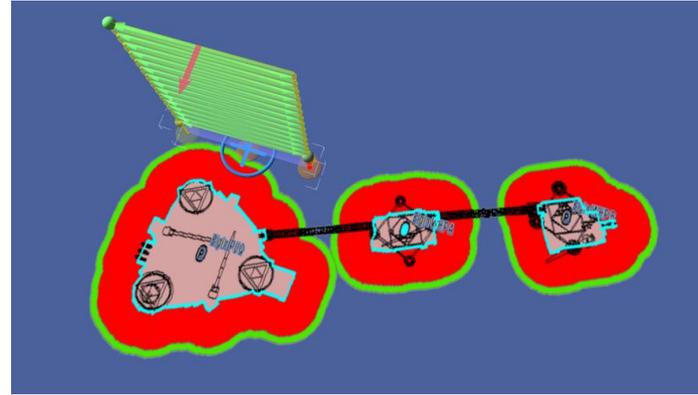

Quick turnaround and analysis of results

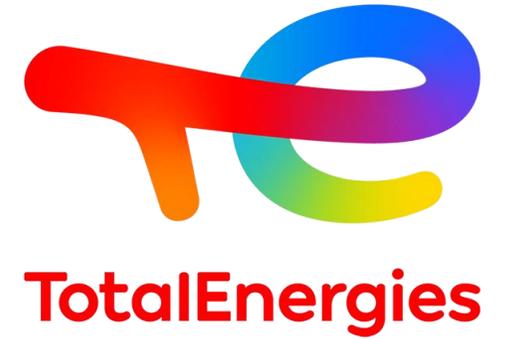

Better understanding of uncertainty

Inspection synergies

# North Sea Factor...

**Thanks!**
